

## **SCIENCE AND ENGINEERING RESEARCH BOARD**

### **General Notifications to the Principal Investigators of SERB-Funded Projects**

SERB would like to draw the attention of PIs to our earlier notification regarding the submission of audited/provisional Utilization Certificates (UCs)/Statement of Expenditure (SEs) of ongoing research projects and fellowships, by June 30, 2020.

**It is reiterated to submit the UCs/SEs at the earliest. Heads of Research divisions of the academic / R&D institutions may also encourage the PIs** to submit audited/provisional UCs/SEs at the earliest. The timely submission of UCs/SEs would in turn facilitate faster release of subsequent installment for your research project.
