**CALL FOR APPLICATIONS FOR FIELD TRAINING COURSE IN GLACIOLOGY**

Applications are invited for '**Field Training Course in Glaciology**' sponsored by Science and Engineering Research Board (SERB), Department of Science and Technology, New Delhi and to be organized by Regional Training Institute, Geological Survey of India, Northern Region, Lucknow from **7<sup>th</sup> August to 8<sup>th</sup> September 2017** at Chandigarh/Manali/ Hamtah Glacier, (Lahaul & Spiti district, Himachal Pradesh). The programme is aimed at creation of necessary expertise and competent manpower for undertaking basic and application-oriented researches in the field of snow, ice and glaciers. The programme will involve theoretical lectures at Chandigarh/Manali and fieldwork at Hamtah Glacier, Lahaul & Spiti district, Himachal Pradesh.

In all **twenty** trainee scientists will be accommodated in the training course. The nominations are invited from Central/State Government Organisations/Institutes/Recognized Universities. Young scientists/researchers (preferably below 35 years) having a post graduate degree in Geology, Geography, Meteorology, Physics, Geophysics, Hydrology with background in Mathematics or a Master/Bachelor's Degree in Mech./Civil Engineering and equivalent degree are eligible to apply for the training programme. Since the course is sponsored by Science and Engineering Research Board (SERB), DST, Govt. of India, no course fee will be charged.

The trainee scientists will be provided free lodging (hotel accommodation) at Chandigarh/Manali along with DA for food as per applicable Central Govt. norms. Free lodging (tent accommodation) and boarding will be provided at Chhatru base camp and camp at glacier, along with hardship allowance, as per SERB (DST) norms for sponsored glaciological programmes. Reimbursement of travel expenses, for journey from their institution station to Chandigarh (to and fro), will be restricted to AC-III class train fare (shortest route).

Applications should include a brief bio-data, two passport size photographs and a short note on need for undertaking training including their experience. The application should be duly forwarded by HoD and be supported by a medical certificate (fitness for working in high altitude areas, *i.e.*, above 14000 feet). Since the temperatures during the field work may go down to subzero level, the trainees are advised to bring all the high-altitude clothing including double sleeping bag, blanket(s), balaclava cap, kapok mattress, pullovers (8 ply), woolen shirt, woolen trousers, windproof jacket, feather/poly fill jacket, marching shoes, gloves, ice axe, snow goggles, rain suit, umbrella *etc.*

The applications/nominations may be sent to **Director, Regional Training Institute, Geological Survey of India, 'Vasundhara, Sector 'E', Aliganj, Lucknow 226024**. The nominations, complete in all respect, should reach this office by **5<sup>th</sup> May 2017**.
